

European Industrial Co-operation

Col Jaap de Die
Chairman Steering Committee
CEPA-11

NMSG, October 2002

Report Documentation Page				Form Approved OMB No. 0704-0188	
Public reporting burden for the collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to a penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

Notes for Slide 1

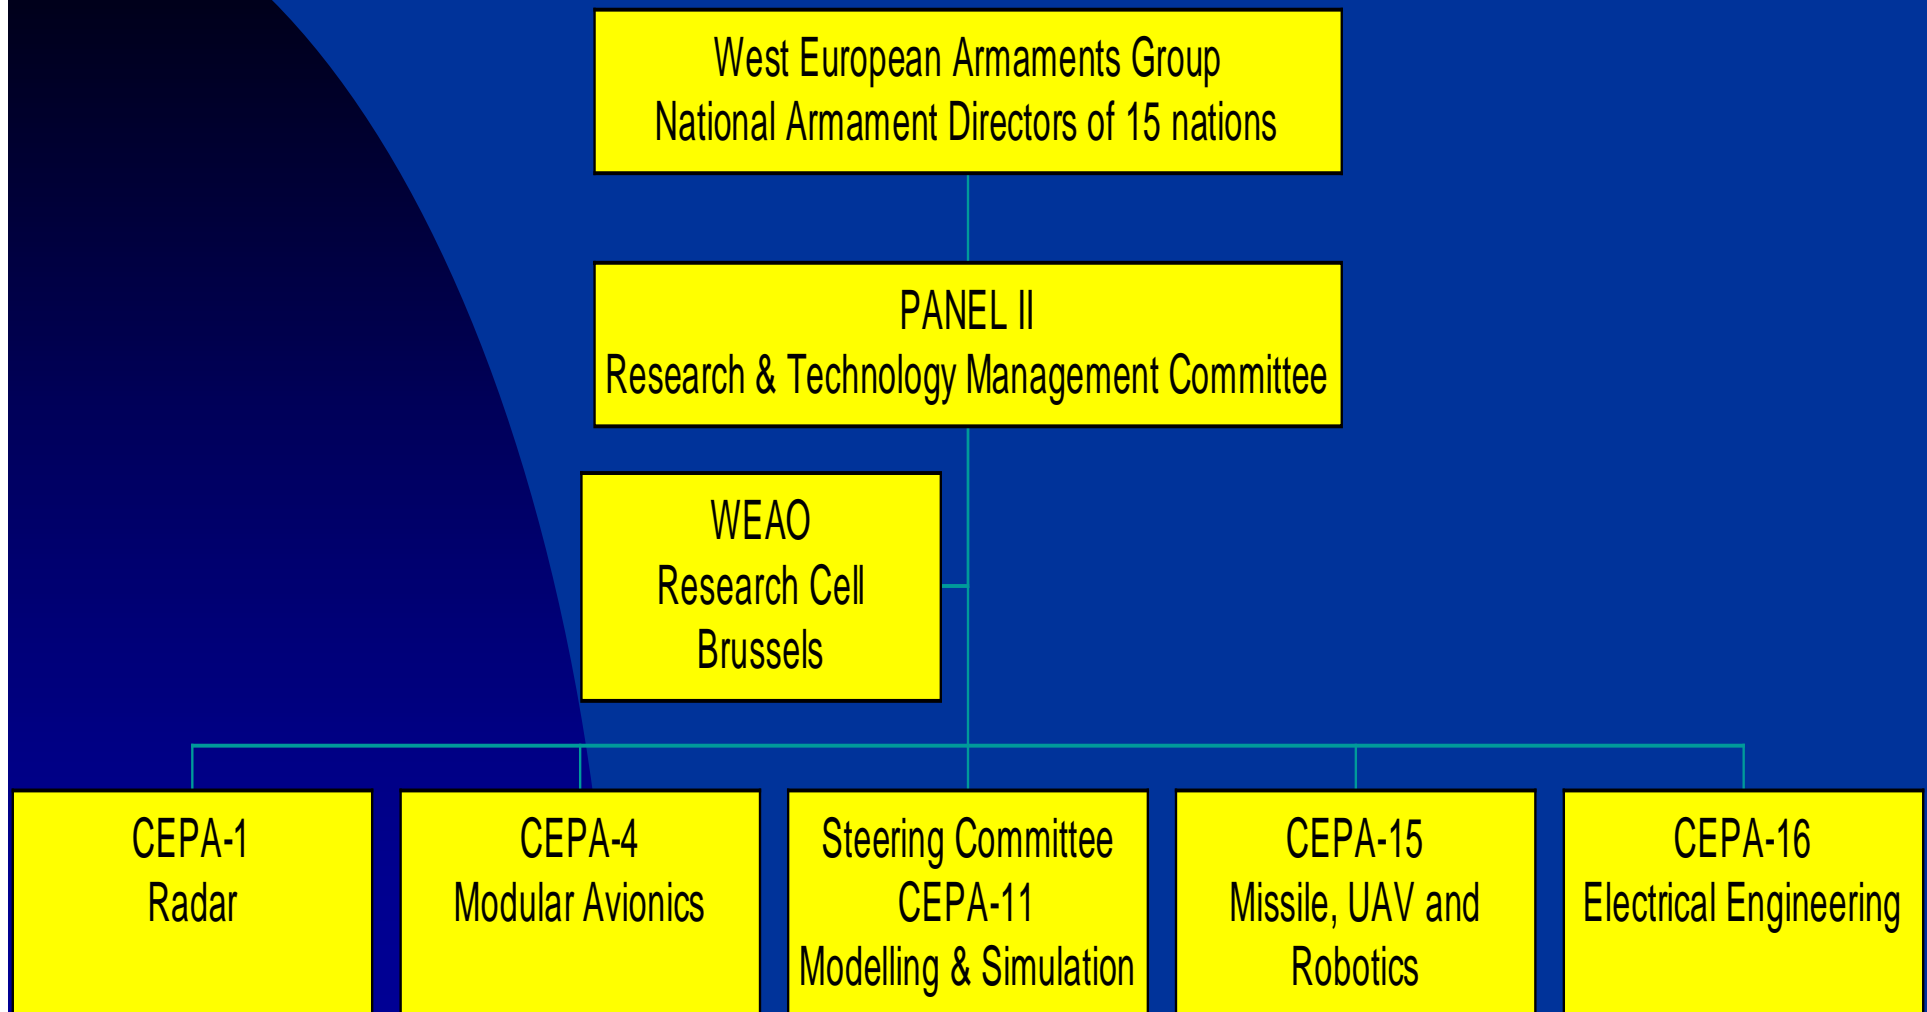

I am Col Jaap de Die, working in the RNLA in the Directorate of Procurement. My department is taking care of the Simulation and Training Systems. I am also the national representative in the NMSG

I am grateful to have the opportunity to give a presentation. I and my Steering committee are welcoming the new initiatives of Panel II.

For many years CEPA-11 is using and updating its strategy but I didn't receive any reaction from the RTMC or the Panel in those years about the strategy paper.

I would like to introduce Mr Fokko de Boer. He is my co-partner as the chairman of the industrial group of CEPA-11. He is working in a Dutch industry named Dutch Space former called Fokker Space.

WEAG Panel II Structure

CEPA-11 Vision

- Define, prioritise and allow the demonstration of modelling and simulation technologies that can cost effectively fulfil European military and other defence needs and requirements by providing the best state of the art technology

CEPA-11 Goals

- Maintain the leadership in developing European M&S research collaboration
- Enhance the relationships between national and European M&S research
- Stimulate partnership in Europe to promote investments in simulation based applications
- Stimulate defence industries and encourage industry/government collaboration
- Promote the progress in M&S technologies

Nations in CEPA-11

CEPA-11 Research Topics

- Methodologies
- Low Cost Simulators
- SBA
- VV&A
- Embedded training
- Synthetic Forces
- Networked Simulation

RTP 11.12

RTP 11.12

Simulation and visualisation of

- virtual BVR air combat scenarios
- with on-board computer generated targets (CGFs)
- their detection and targeting with on-board simulated own weapon system (sensors and weapons) to include
 - ◆ ECM / EPM and
 - ◆ Ground - Air - Threat (SAM)
- Initially for fighter aircraft (adaption to A/G later on)
- in known operational MMI (HUD, HDD, HOTAS)

REALISING THE POTENTIAL OF NETWORKED SIMULATION IN EUROPE

Notes for Slide 16

Subject

RTP 11.13 addresses the development of **Distributed Simulations**

This briefing addresses a security issue which CEPA11 group may be able to advise on.

It starts with a short introduction of the RTP11.13 study and the selected development approach for Synthetic Environments.
